WARS NEWS

The Wellesley Amateur Radio Society will hold its March meeting on Tuesday, March 1, 1966 at 7:30 pm, in the basement of the Wellesley Hills Branch Library. ARRL has promised us two movies on Single Side Band, and another one on Circuit Testing. Also movie "THE PHANTOM JOINS THE FLEET" compliments of Raytheon Company.

Your Secretary would like to call attention to the February, 1966 issue of "73" magazine, pages 2, 94 and 98. Wayne Green has some excellent discussions of the current intrusions on amateur bands. Apparently there is an organized attempt to further limit the Amateur Radio spectrum. Mr. Green has some excellent ideas as to how we can reverse the current trend.

Recently the FCC dismissed a request to outlaw on the air amateur contests and to forbid the playback of recorded amateur signals. A wise decision indeed!!!

Walt. Lenk K1YTY
Secretary
